AIR ROUTES FOR FREIGHT USE

Los Angeles Man Talks of Routing and New Inventions

LOS ANGELES, Cal., July 15 --America, within the next five years, will see the regular operation o alr. way load carriers transporting heavy treight and passengers a commercially satisfactory rates according to Charles S. Hall, or this city, who heads a rtaff of experie engaged in surveying air route and testing inventions essential to the operation of load-carrying types of aircraft.

Hall gave a review of the subjetoday and expressed the belief that the combination of features here sary to make air freighting safe and cheap enough to justify making established business of it is now available. Radio telephony, practical Special to The World.

MALESTER July 15.— Buth Swanson of McAlester, holder of a state scholarship from Pittsburg gas which is lighter than air, alumbstudent of agriculture in next fall's gas which is lighter than air, alumbstudent of agriculture in next fall's redvanced classes at the A. & M. college at Stillwater, expects to go into the dairy business.

Her father, F. E. Swanson, has offered her a full partnership in his dairy and, in order to accept that partnership soon, she remained through this year's summer school hoping to complete four years work as part of our effort to get airway cates down where business medical control of the problem of profit and less than the problem of profit and the profi

were all given our scout pins.

The Ima Given is working, so she cannot attend scout meeting.

We are all working hard so we can get our uniforms as soon as possible.

Jewel Hale, who has been absent from acout meeting a few times, came back Thursday.

Tressa Morland has not been attending scout meeting because her little brother had the whooping cough.

SATURNALIA OF

SOCIALIST LAWS

Three girls of our troop composed a sign to the tune of "Pretty Haby."

The girls are Nina Johnson Mary Stone and Thelma Irvin. The song is as follows:

If you're ranged and you're direct to get already and in order to accept that partnership soon, she remained as part of our effort to get already on the problem of purfit and less as part of our effort to get already and she problem of purfit and less as part of our effort to get already and three stimmer school hoping to complete four years work as part of our effort to get already and three problem of purfit and less as part of our effort to get already and three problem of our effort to get already and see them, said Hall, "and there are three big weaknesses in the large already which milliars as judges of livestock is indicated by the fact that in the freshman-sophomore judging contest last year, she ranked four three problem of purfit and less as part of our effort to get already as part of our effort to get already and three are three big weaknesses in the large already which milliars as judges of livestock is indicated by the fact the same and and support and the partnership as a judge of livestock is indicated by the fact the same and adapting it for scheduled ther father select most of his dairy and four father select

Civilization to West

Refers to the "Eugenic Fool."

"The greatest trouble with these vociferous 'progressives,' said Senator Stanley, 'is that they are forever moving in the wrong direction. Their energy and ingenuity is in the main confined to the discovery of some new method by which a centralized and omnipotent power may extend its inquisitorial and ubiquitous authority. Weddings are to be supervised by hygienic expert and marital reports demanded by some cugenic fool.

"Babics are to be born by federal aid and suckled under federal supervision.

RIVERTON. Wyo.—The "Filet Butte country." made famous through the exploits of 'Bill' Carellale, noted train handlit, who, excepting from the Rawlins state peniforming from the Rawlins at the country."

Oil promoters are completing propositions of the country.

Ruth Barr has just returned from Missouri, where she has been visiting friends. Margaret and Frances Hoff have returned from Carthage Mo. Evelyn Middleton has also returned from a trip.

"You cannot milk a cow without a federal inspector at your heels. The most powerful locomotive in the world, operating out of Detroit Mich., recently hauled 100 loaded cars, a train a mile in length Every modern appliance known to motive exports has been installed on this super-locomotive.
